In the draft the word "fifteen" is suggested in place of 'Seven ex-officio and eight non-official members' as proposed in order to remove the impression that there should be a fixed proportion of ~~officials~~ Ex-officio and non-official members.

(23) The additional clause is worded to admit of a non-official member being appointed by Govt on the recommendation of the Dy Comm although the object of the amendment is to secure a seat for an Indian member, with a view to avoid Counting unnecessary Comment from the public. It is a point for orders if the proposed member should be a resident of the local area or of the Kolar Dt and if the recommendation should be made by the Dy Comm or the Govt may appoint one taking the initiative themselves

Not necessary to specify this

This will necessarily be the case. But it need not be mentioned in the notification
